

2015-2016 Minimum Health Requirements for Chicago Public Schools

Medical Home

A medical home will allow your child and family to access better healthcare. The medical home is where you can access affordable, quality, culturally sensitive, competent and coordinated healthcare.

Most people who are found eligible for Medicaid must choose a Primary Care Provider (Medical Home). The Illinois Client Enrollment Broker will help you understand your healthcare choices, so that you can choose the best plan for you. <http://illinoisceb.com/>

If you are seeking a provider, you may call 311 or go to: www.cityofchicago.org and type in "Find a Community Health Center" in the Search box

The CPS Children and Family Benefits Unit (CFBU) provides application assistance for CPS families that are eligible for benefit programs such as medical insurance (e.g., All Kids).
