

IMMUNIZATION/EXAM GUIDE FOR SCHOOL YEAR 2015-2016

- Find your child's age/grade level below and read across to the right
- Each checkmark (✓) represents one required vaccine
- Your child only needs as many vaccines that are shown at each grade level. For example, if there are three Hepatitis B vaccines listed next to 6th grade, and your 6th grade child already received 3 doses before preschool, they are medically compliant and do not need 3 more doses at 6th grade.
